# Mathematics and Further Mathematics Teachers for International Foundation Programme (Fixed term, full/part time, teaching online/in person)

### Context

INTO is an organisation working in partnership with leading UK and US universities and investing in the development of world-class student study centres. It specialises in preparing international students for undergraduate and postgraduate study with both academic and English language support. The courses at our Centres, upon successful completion, guarantee progression to leading UK and US undergraduate and postgraduate courses as well as stand-alone English language courses. INTO Manchester is a wholly owned INTO University Partnerships venture.

INTO Manchester's International Foundation year enables students from around the world to secure a qualification that leads to access to higher education. The level of studies is roughly the equivalent of A levels, although the programme is delivered over a shorter timeframe. Students are drawn from countries around the world. Currently, some of our students attend classes exclusively online, and others attend classes in our centre in Whitworth Street, Manchester. Consequently, teaching is done both online and in person, with staff working from home and from our study centre, depending on the needs of the business.

### Requirements

We require well-qualified, enthusiastic and experienced teachers of Mathematics and/or Further Mathematics to join our teaching team on the International Foundation programme. The contracts for the posts will run on a fixed term basis from 4 January 2021 to 31 August 2021. We welcome applications for both full and part time work.

The successful applicant(s) will have the ability to teach students from a variety of countries and cultural backgrounds, and with different language levels. This is an exciting opportunity for enthusiastic teacher(s) looking to teach in international education.

**INTO MANCHESTER**  
BRIDGEWATER HOUSE  
58/60 WHITWORTH STREET  
MANCHESTER M1 6LT  
UNITED KINGDOM
