

Role Profile

VP, People - Asia

Company context

INTO's Mission: *Through innovative partnerships with leading universities we expand opportunities for higher education, ensuring success and transforming the lives of our students and staff.*

More than four million students are currently studying outside of their home country – a figure that is expected to reach almost eight million by 2025. Nearly every major university's strategic plan includes a commitment to 'comprehensive internationalisation', which includes a strategy to access the international student market for the benefit of domestic and international students alike. Most universities face complex challenges in implementing these objectives, which can be overcome through an INTO partnership.

INTO was founded with the mission to improve global access to quality higher education and further increase international student mobility. We are a global education partnering organization that establishes large-scale, long-term, transformational partnerships with research-intensive universities to assist them in achieving their comprehensive internationalization goals.

To date, INTO has established long-term partnerships with 22 leading universities in the United States and the United Kingdom. Those partnerships have resulted in increased international student enrolment; more highly qualified students; greater source country diversity; significantly improved student satisfaction leading to higher retention and graduation rates; job creation, including tenure track faculty positions; greater staff development opportunities; more private sector investment; and, thus, a more secure financial future for each institution.

Job purpose

To lead the delivery of a proactive HR business partnering service to our offices across Asia. This role will interface with a wide range of senior stakeholders and support the UK-based EVP, People with appropriate interventions. These will include providing advice and guidance for senior managers and helping them develop solutions to problems that are effective, efficient and reduce organisational risk. This role is an ambassador for change and leading the people agenda across IUP.

Key accountabilities and duties

- To operate as a strategic business partner and thought leader to senior managers across Asia.
- Lead the roll out and embedding of key people initiatives in Asia, such as Performance Related Pay, Performance Coaching and Management Development;
- Proactively develop strategies to respond to key business issues for Asia, and effectively and efficiently implement across the region;
- Attract and retain high performing employees by ensuring that effective recruitment strategies are put in place and that managers are appropriately trained and that this is supported by effective onboarding;
- Lead the continued development of best practice HR policies, procedures and processes which mitigate organisational risk and provides the toolkit managers need to deliver the people agenda. Ensure these are embedded to maximise fairness, diversity and support a high-performance culture ;
- Utilise effective HR management information via Workday to monitor recruitment, absence and retention, employee costs, performance coaching processes;
- Keep abreast of relevant changes in employment law and communicate relevant changes in legislation to line managers ensuring they are aware of their responsibilities;
- Support managers with the delivery of change projects through effective communication, consultation, training and development;

The job title does not define or limit your duties and you may be required to carry out other work within your abilities from time to time at our request. We reserve the right to introduce changes in line with technological developments which may impact upon your job duties or methods of working.

Location

This role is based in Asia, preferably in our offices in Hong Kong although other locations will be considered, with regular travel.

Safeguarding

As part of our Safeguarding procedures, applicants are asked to note that:

- references will be followed up;
- all gaps in CVs must be explained satisfactorily;
- proof of identity and (where applicable) qualifications will be required;
- reference requests will ask specifically whether there is any reason that they should not be engaged in situations where they have responsibility for, or substantial access to, persons under 18;
- Appropriate suitability checks will be required prior to confirmation of appointment.
