Our career-driven curriculum

Programs driven by industry needs

- Take steps toward starting your own business by consulting entrepreneurs-in-residence or springboarding collaborations at the ideaHUB.
- Hofstra's faculty work with top executives in each industry to build strong programs so that you meet the employment market needs. The curriculum is often updated based on current events, so you're learning the most up-to-date and important skills for your career goals.
- Learn how to write compelling content from Emmy Award-winning communications faculty.
- Dive deep into the world of cybersecurity with the DeMatteis School of Engineering and Applied Science's Facebook connections.

Preparing you for your career

- Interview alongside the reporters who cover on-campus events of national interest, like the US presidential debates in the last three election cycles.
- Experience what your first job in engineering would be like with the co-op program, where you will complete a paid six-month experience.
- Learn trading in one of the largest academic trading rooms in the nation, identical to those used by leading financial institutions.

93% of graduates are employed or attending graduate school*

The INTO Hofstra advantage

92% of all completed Pathway students were eligible to progress at Hofstra in 2020-2021. Eligible students are those who completed the Pathway program and qualified for admission as degree-seeking students. Enrolled students are those who enrolled as degree-seeking students in their next term of degree study at their host university.

Undergraduate and Graduate Progression 2020-2021

Hofstra Data 2019-2020

Among those who participated,
on average, Hofstra students have
2.58 internships¹

*Based on 2019-2020 Hofstra University undergraduate degree recipients who responded to a survey or other reliable sources within a year of graduating (69% knowledge rate).

¹Internship data is based on self-reported data from the December 2019 and May 2020 Alumni Outcomes Graduate Surveys (71% response rate for undergraduate students).

Long Island | Live the campus life

By living just outside New York City's hustle and bustle, you can focus on your studies in a calm, welcoming and cozy atmosphere. With more than 500 on-campus events per year and 21 NCAA Division I teams, there is plenty of entertainment on campus. Easily walk to your classes and live in affordable on-campus housing. Explore a diverse, coastal community near spectacular beaches, historic landmarks and popular New York City boroughs like Brooklyn and Queens.

Start your career in New York City

The state of New York has the most Fortune 500 company headquarters in the US (more than 50). You could start your career at one of the following headquarters:

- American Express
- Estée Lauder
- E*Trade Financial
- Foot Locker
- Goldman Sachs Group
- Nasdaq
- Pfizer
- Ralph Lauren
- S&P Global
- Tiffany & Co.
- Viacom
- Warner Bros. Records

Experience the city lights

Things to do on Long Island, New York

- Enjoy the beaches from Long Beach to the glamorous Hamptons.
- The 300-year-old Sunken Forest on nearby Fire Island features an untouched forest and wide open beach.
- In the hometown of abstract artist Jackson Pollock, it's only fitting to visit museums like the Nassau County Museum of Art and the Parrish Art Museum in Water Mill.
- Eat freshly caught, local seafood on Shelter Island.
- Go shopping at the Roosevelt Field Mall, the largest indoor shopping mall on Long Island.

Distances from Hofstra University

- Jones Beach State Park - 16 km
- John F. Kennedy International Airport - 20 km
- Long Beach - 25 km
- LaGuardia Airport - 33 km
- Times Square - 45 km
- The Hamptons - 117 km

Places to go in New York City

Take a walk through **Central Park**. It's a famous backdrop for many American movies with scenic trails, bike paths, a John Lennon memorial, concert venues and much more.

Go to the top of the **Empire State Building** and the rooftop deck of 30 Rock for views of the city.

See a show on **Broadway**, the global destination for musicals and plays. Countless comedy and live music hotspots can be found throughout the city.

Visit the **Statue of Liberty** and learn about the history of Ellis Island.

Channel your artistic side at MoMA (Museum of Modern Art) and The Met (The Metropolitan Museum of Art) in Manhattan.

Watch a baseball game with the New York Yankees, a basketball game with the New York Knicks or a football game with the New York Jets or New York Giants.

The Frank G. Zarb School of Business

Where you will learn

The Leo A. Guthart Hall for Innovation and Discovery: The Frank G. Zarb School of Business boasts a 52,000-square-foot building.

Behavioral Science and Market Research Lab: Study and research consumers' physical and physiological behavior with the latest technology to analyze their engagement process to a brand or a product.

95% of business graduates are employed or in graduate school*

*Based on 2019-2020 Hofstra University undergraduate degree recipients who responded to a survey or other reliable sources within a year of graduating (67% knowledge rate).

Get to work with America's business leaders

Hofstra-Digital Remedy Venture Challenge: This annual entrepreneurship competition gives you the opportunity to create and pitch your own business plan.

Student-managed investment fund: Manage a portfolio of \$100,000 as a team while learning about the analysis and investment process of a fund.

Bring your ideas to life

Institute of Innovation and Entrepreneurship ideaHUB: Share your ideas at this business incubator, where you can collaborate with startup companies.

Entrepreneurs-in-Residence: Experienced entrepreneurs give advice on starting your own business.

Unispan Records: Be mentored by top music industry professionals at this student-run record label.

The Martin B. Greenberg Trading Room: One of the largest academic trading rooms in the nation, identical to those used by leading financial institutions and equipped with 34 Bloomberg Professional terminals.

The Fred DeMatteis School of Engineering and Applied Science

Real tech experience for the real world

ASPiRe (Advanced Summer Program in Research): Participate in a 10-week summer intensive program for students interested in pursuing a research project with faculty related to their major.

Center for Innovation: Companies consult the Center for Innovation at Hofstra when they need help solving a technical or practical engineering problem.

Join a group of experienced professionals, faculty and engineers in finding innovative solutions while gaining real-world experience.

Entrepreneurship in computing: The Leadership and Innovation concentration is available to computer science students where you learn to identify innovative and entrepreneurial opportunities in computing.

You will have a 10- to 13-week internship monitored by entrepreneurs with a local startup company.

School of Health Professions and Human Services

A career in healthcare

The field of medicine is diverse and offers many more options beyond medical school.

Health administration: Develop and strengthen your communication and leadership skills to manage health services effectively and maximize the health status of diverse populations.

Health information (STEM): Develop information systems to manage patient healthcare information or help doctors create treatment plans.

Public health: Conduct scientific research or promote and protect the health of the community through education.

Northwell partnership: Hofstra University has partnered with Northwell Health, New York state's largest healthcare provider and private employer, to establish and operate the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell.

\$143K

Average salary with a computer science graduate degree
Class of 2020-21

"Computer science at Hofstra has so many benefits. We have research programs, internships and project courses. That's what makes you a strong employee, not just the coursework but what you do beyond the classroom."

Dr. Krishnan Pillaipakkamnatt
Computer science professor

▶ Scan to watch video

"In my program, I've developed a lot of leadership skills. My professors give group projects and presentations throughout the school year where students take turns being the leader of the group. This experience provided me with the opportunity to gain interpersonal and communication skills."

Khyati, India
Master's in health administration

CO-OP PROGRAMS

Opportunity through experience

Engineering and computer science

- Undergraduate engineering and computer science students can begin the full-time co-op program after the first semester of their junior year. The program is also available for graduate-level computer science students.
- Complete a six- to eight-month paid co-op experience at industry-leading corporations in New York City, on Long Island or nationwide.
- We have 200+ corporate partners, including Black Knight, Canon, Estée Lauder, Gerber Technology, Google, GroupM, IBM, JFK Airport, Lockheed Martin, Medtronic, Nomura, Stantec, UPS, Veeco and Zebra.

“Through Hofstra, I was able to be part of the co-op program as a Data Engineering intern at InterDigital Inc. in New York City. What I like about the co-op program is that it opens up job opportunities that are not necessarily available to everyone. I think the relationship between Hofstra’s Fred DeMatteis School of Engineering and Applied Science and companies allows companies to trust that students will perform well at their job.”

Gianna, Peru
Master’s in computer science

Housing and dining

More than 80% of the students who have graduated from the program have received job offers from their co-op companies

MBA

- Complete a three- to five-month paid co-op experience with leading corporations in New York City and Long Island.
- About 70% of students land a full-time job with their co-op partner or with a competitor in that field.
- Our full-time co-op MBA corporate partners include: CBS, Cintas, Comedy Central, The Madison Square Garden Company, Northwell Health, Paramount, Peloton, PwC, Pharma Corp and many more.

“Everything Hofstra does is career-focused. Ultimately at the end of the day, finding a job is the goal. We focus heavily on internships and co-ops, any type of experiential learning that will help build a student’s résumé and make them more marketable.”

Carla Hamilton
Co-op director, Frank G. Zarb School of Business

Double suite-style
Shared bathroom and common area

Super single suite-style
Shared bathroom

On-campus housing

- Hofstra guarantees housing for students for your entire academic career. You'll always have a space here to learn and be part of our community.
- Get to know other international students and live just steps away from campus events, the gym, campus nutritionist and student organizations.

Dining at Hofstra

- Students living on campus will receive a standard dining plan.
- Take your pick of 18 retail restaurant locations and a 24-hour dining service.
- Multi-cultural dining options are available in the Student Center Cafe.

On-campus transportation

- Campus train shuttle:** The shuttle stops by the residence halls and the route covers over 10 stops on campus. It also goes to the train station that will take you to New York City.
- Shopping shuttle:** Shuttle available for students to go shopping on the weekends and includes a stop at Roosevelt Field Mall.
- Night shuttle:** From 10pm to 5am, the shuttle runs through the surrounding neighborhoods and takes you to your residence hall.
- Free parking:** There is available parking on campus for students.

Academic Programs

Find your degree. With a wide range of subject areas and admissions options, you can find the perfect degree for your chosen career. You can choose to apply for direct entry to the university or for a Pathway program that provides extra academic, language and cultural support. From the day you apply to the day you graduate, we are here to help you succeed every step of the way. Flip to the back cover to learn how to apply.

B = Bachelor's **M = Master's**

GP = Graduate Pathway program that can lead to this degree is indicated in orange. This degree is also available through direct admission.

- This Hofstra University degree program is available through direct entry.
- ▶ Designated STEM degree by the U.S. Department of Homeland Security.
- ¹ STEM is not available for all concentrations
- * Dual Bachelor's/Master's available

Undergraduate Admissions

We offer several routes to admission. With approximately 165 bachelor's degrees, flexible study plans and start dates throughout the year, we will help you find the option that's right for you.

There's no need to stress about where you start; just focus on where you're going. You can complete your degree at any stage. We don't design our programs for one type of student; our programs are built for every kind of student. Where you will begin depends on your grades and English level. Where you end up is where you want to be: graduating with a bachelor's degree from Hofstra.

Direct Entry: If you meet the academic and English language requirements for your degree program, you can apply directly to Hofstra University.

To apply, you will need the following required documents: declarations, high school transcripts, university transcripts (for transfer applicants), proof of degree, personal statement, a letter of recommendation, accounting of time, passport, English test score and proof of enrollment (transfer student only). An application fee may apply. For more information, visit www.hofstra.edu/admission/adm_international_main.html

International Year One: International Year One allows you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. You will receive additional academic, English language and cultural support to help you successfully complete your first year and graduate in the same amount of time as direct entry students. For more information, visit www.intostudy.com/hofstra/programs

Entry Requirements				
Program	Direct*1	International Year One*		
		1-Semester	2-Semester	3-Semester
Program requirements*	<ul style="list-style-type: none"> High school diploma Additional materials may also be required 	High school diploma

US Undergraduate Education System

To graduate with your 4-year undergraduate degree, you will need to take the following classes:

Core classes: General education courses can include English composition, social sciences, humanities, history, mathematics and natural/physical science. These are typically taken at the beginning of your degree.

Major classes: These classes will be about the specific field of study you chose. They are typically taken toward the last part of your degree.

Undergraduate Transfer Program

Have you earned credits from another college or university and want to transfer to a US university? You can transfer directly into Hofstra University or choose our Undergraduate Transfer Program (UTP) which is specifically designed to support international students through the process of transferring.

Why Choose UTP?

Choosing UTP provides a customized, cost-effective path to your bachelor's degree. Before your program starts, Hofstra will provide you with an estimate of credits that transfer to the university. Once you arrive on campus, our friendly staff will be available to help you transition into life at Hofstra University. You will also have access to helpful resources including academic, English language and cultural support. If you do not meet the English language entry requirements for the UTP, you can enter our Academic English program before progressing to either the UTP or direct transfer to Hofstra.

UTP Benefits

- Transfer of credits from your college or university-level classes to your degree
- Receive customized curriculum of university credit-bearing courses
- Quick turnaround time for offer (5-7 business days)
- Unofficial Pre-arrival Credit Evaluation (15 additional business days after receiving offer letter)
- Progression to an undergraduate program upon successful completion of your UTP
- Academic advising throughout the program with progression and student success advisors

Graduate Admissions

Hofstra is home to approximately 175 graduate programs. Our programs are designed to help you combine your passion, strength and skills into a successful career. There are multiple ways you can begin your graduate-level studies.

How you start your program depends on your academic profile and your English level. How you finish your program is exactly how you pictured: graduating with a master's degree from Hofstra.

Direct Entry: If you meet the academic and English language requirements for your degree program, you can apply directly to Hofstra University.

To apply, you may need the following required documents: declarations, university transcripts, proof of degree, personal statement, letters of recommendation, accounting of time, passport and English test score. An application fee may apply. GRE or GMAT scores may also be required.

Graduate degrees are competitive, and an extensive review of your application will be done. Please expect a longer turnaround for an admissions decision. For more information, visit www.hofstra.edu/admission/adm_international_main.html

Graduate Pathway: Our Graduate Pathways allow you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. The program will help build the academic foundation and essential English language skills you need to successfully progress to your master's degree. For more information, visit www.intostudy.com/hofstra/programs

English Language Program: If you do not meet the direct or Graduate Pathway program entry language requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required language level, you can progress to a Graduate Pathway program. Learn more on page 21.

Academic English

“INTO Hofstra helps you with everything. All of the international students have a class together, so you get to talk to many international students and learn about their cultures and backgrounds, so that’s really interesting.”

Shazray, Pakistan
Master’s in business analytics
 ▶ Scan to watch Shazray’s interview

Key Program Facts

- Program length is 13 weeks
- Minimum enrollment of 1 semester
- Minimum age 16
- High school diploma required
- No English language requirement; students will be assessed and placed upon arrival
- 5 levels of instruction from true beginner to advanced
- 20 hours of instruction per week (28 hours in Summer)

Progression Requirements

International Year One 3-Semester Pathway
 Completion of Academic English Level 3

International Year One 2-Semester Pathway
 Completion of Academic English Level 4

Graduate Pathway 2-Semester Pathway
 Completion of Academic English Level 4

Term Dates for Academic English

Fall 2023: Sept 2023	Spring 2024: Feb 2024	Summer 2024: May 2024
-------------------------	--------------------------	--------------------------

Our Academic English program prepares you for the university degree by improving your English language skills and providing you with the academic tools you need to succeed. Students like you will learn English in and out the classroom and you will be taught by our qualified and experienced faculty. You will have a chance to practice your English during your everyday life with native speakers. On top of that, you will receive customized support for international students to help you transition to life at a US university.

What You will Learn

- Understand US values in an academic setting.
- Present spoken and written ideas accurately and effectively in English.
- Write research papers with proper use of citations and references.
- Read, understand and critically evaluate academic texts.
- Understand and use vocabulary common to academic disciplines.
- Take useful and accurate notes in academic lectures and presentations.

Academic Study Plan Calculator

Our Academic Study Plan Calculator will help you estimate your study plan. Simply add your academic program and English scores and receive an estimated study plan showing your duration of study.

<https://estimateus.intostudy.com>

www.intostudy.com/hofstra/academic-english

Invest in your degree. Invest in your future. Invest in you.

With a strong foundation and on-the-job experiences, your education can determine how far you go in your career. Based on your program, you will receive the level of support that corresponds to your academic profile, English language scores and budget.

Whether you're enrolled in our Pathway programs, Undergraduate Transfer Program or Academic English program, you will have access to our Pre-arrival Success Services and airport pickup when you arrive. You can also enjoy housing coverage and extra meals during university holidays and breaks.

All prices are estimated from 2022-23 and are subject to change. Please visit www.intostudy.com/hofstra/costs for exact pricing.

What do students get out of campus housing? Enrich your US university experience by living on campus. See page 11.

For details about Terms and Conditions, Country Scales and English Waivers, visit www.intostudy.com/hofstra/terms

Programs

There are two main semesters per academic year (Fall, Spring), each about 17 weeks long with a shorter Summer semester of 14 weeks

Campus Housing

International Year One and Academic English students 21 and under are required to live on campus. Living on campus is highly encouraged even when not required. Pathway and AE students living on campus have access to:

- A free linen package
- Early move-in prior to orientation
- Guaranteed suite-style rooms
- More than a dozen on-campus dining locations
- Unlimited access to on-campus fitness center
- 24-hour campus safety and security through the resident safety program
- Free shuttle bus to trains, shopping and local area
- Dedicated student support staff and resident assistants who can provide immediate support and attention

Single occupancy rooms: **\$12,092/semester** Double occupancy rooms: **\$10,488/semester**
Meal plan: **\$3,312/semester**. Prices for housing include breaks during the academic year (spring break, holidays, etc.).

Cost of Books and Supplies estimated at \$500 per semester

Are you an F-1 student? You will need to provide proof of funding in order to get your I-20. Proof of funding is a way a student shows they have sufficient funds (usually via a recent bank statement) to live and study full-time in the US for up to one academic year. This is different from the cost of attendance OR a statement of account. The proof of funding amount will not be an amount that is billed to you and is solely for immigration purposes. To find out more about proof of finances for immigration purposes, visit www.intostudy.com/hofstra/costs

Undergraduate Programs: International Year One (IYO), Undergraduate Transfer Program (UTP) and Direct Entry
Graduate Programs: Graduate Pathway (GPW) and Direct Entry

Program Group ¹	Scholarship Name	Amount	Duration	Eligibility & Learn More	Tuition	Maximum Scholarship Available	Annual Net Tuition with Scholarship ²

All scholarships are subject change. Scholarship awards may be lower in value than those published here. Scholarship values presented here are based on achieving the highest award available. Scholarships are subject to limited availability, deadlines and other terms and conditions. Please check with your INTO regional office or refer to your scholarship letter for more details. Student on government scholarships or sponsored by an external entity may not be eligible for some of these scholarships.

¹ Program Group relates to the initial program enrolled to qualify for this scholarship.

² Net Tuition is an estimate based on the highest scholarship award applied to the first year of a student's tuition or upon progression.

³ Based on Graduate Business programs.
